Yes No 157 On Tuesday, the 22 and 11 it was, they 15 opened up another 10 or 12 rounds. And there is definitely down on a down McComb road, on the other side you've had excited. Sounds 15 they're left with headaches. But um, yeah, this is a little ridiculous. Simply not cool. Cool, hunting, you will not 16 six or more 16 minutes successive rounds. You're in the woods mildly in the dark, not knowing what you're shooting at, you know, 16 kind of stupid careless with 16 with the firearm. But no, they only impose that stuff on me, so.
