Alright, so since I mean, since I'm went out I went out and I shot my you know we're not shooting a because it's not not that accurate anymore and I want to be safe, I want to be safe and I want to make sure my family is safe. So I went out there and shot it because that's the that's the right thing to do. And I'm putting spent about 50 rounds and mom and I did that then they hopped in there, they hopped on some dirt or smart or off road vehicle and they tore up the neighborhood and started driving around all that stuff. And they're they're up on me, they're me, you know, and I don't you know, so that's it's annoying, but I don't care. I mean,

00:38

I don't understand what the the impetus is behind it. I mean, you know, is it you really do have some trouble? Yeah.

00:49

Well, they're bullies. They're bullies. And that's, that's what they are. They're bullies. And that's what bullies do. They do that. They get off on irritating other people. They get off on intimidating other people. They get off on anything that makes them feel big about themselves. And once you got to do is I mean no, because they don't stop. They got they ignoring a bully is escalation. That's what you're doing is you're escalating them. I mean, because if you didn't, if they didn't irritate you by doing this, then they're going to try You know, they're going to try They're going to try something else. They're going to do everything they can because that's their goal. Their goal is to irritate you, and make you feel less about yourself. So they're not going to stop if you ignore them. They're going to go on to something else and it'll be worse. You know, bullies are kind of bullies. And I was gonna write this down to lawyer but bullies bullies function on the principle of if I can do this and get

away with it I mean, it's all about you know, it's all about I'm gonna do this and I'm gonna get away with it. You know, and so that's what, that's what all these guys are about. So ignoring them. Well, guess what? They got away with it. So they'll [REDACTED] continue doing it.

02:09

Yeah, I guess.

[REDACTED] [REDACTED] 02:10

You know, I mean. The only way you can get a bully to stop it is by scaring the living [REDACTED] out of them. And then And then there'll be [REDACTED] oh, man, I'm sorry. And then that's it. You won't have any more problems.

02:26

Yeah. The girls that bullied me the most are the ones now that rent my attention. Well,

02:33

you can tell them to go to him. Well, so yeah,

02:35

I [REDACTED] say well, how are you?

[REDACTED] [REDACTED] 02:38

Good Hill. I'm sorry you ever more so we're being a [REDACTED] But um, anyway, long story short.

02:45

I want you to help because I've got a lot of load. I [REDACTED]

[REDACTED] [REDACTED] 02:48

need to finish. I'm [REDACTED] painting. I'm trying to get done with this thing. This conversate this thing so that's what they did. So they drove all their cars and stuff and they've been going in and out houses and doing all this [REDACTED] and you know and driving their their dune buggies up and down the road. They've been doing that for days. And I'm [REDACTED] [REDACTED] okay, whatever. You know. And so anyway, when I get done, I'm understanding I'm on a tight schedule. I go out there and shoot,

and they hear they come in and then they start driving their dune buggies around [REDACTED] and then they start going in the property and I know they're sitting there looking at me. I mean, [REDACTED] I can actually hear the engine. You know. I can actually, you know, hear the engine idle from the go kart as they're sitting there staring at me. So I know there's they're staring at me and I don't care. I gotta go about doing business. The problem is, so I gotta go.

03:33

Get off. I'll [REDACTED] sitting and [REDACTED] you. Well, there it's

[REDACTED] [REDACTED] [REDACTED]

intimidation. You know, that's what it is. They're they're getting off on they think they're intimidated me and I'm [REDACTED] [REDACTED] Alright, whatever I'm getting, I'm continuing on to do my work. Continuing on to do my thing. So, you know, when I you know, when I left when I came up here, you know, then here comes the big [REDACTED] There. They've cut a path between the two houses. Oh, sure. So yeah, so now they have a path to this house and then they can go on to dogs. So they have thought now this entire private roadway [REDACTED] here that Terry's right in the middle of it and that doesn't care. She didn't care [REDACTED] [REDACTED] allowing it because he thinks it's cool that he has friends. He doesn't have friends. Thanks.

04:17

Hey, I believe in something you're so mean and open to everybody. Nobody's his friend because he tried so I'm so bad. said Well,

[REDACTED] [REDACTED] 04:33

sorry. Well, you [REDACTED] Terry. It's all in everybody hates [REDACTED] [REDACTED] You know it's not his fault. Anyway,

04:40

oh, I've told you about how Paul got got in prison in [REDACTED] and we had to go see him every week and drive to Florida. And see him and then they called and said they were going to release him and we had to go down there and get him. It was late, but by the time we got there and we spent the [REDACTED] at a hotel and we drove him [REDACTED] and he she said and has not treated us you know sanely since then, so where do you think he might be ashamed or ashamed this differently than women?

[REDACTED] [REDACTED] 05:14

Maybe the fact that he's that he's got issues that Well, long story short Yeah. So there's a dinner come out there. So anyway, they leave or they're, they go somewhere they take these

dune buggies and their [REDACTED] and they go off somewhere. So that's why I saw the big [REDACTED] big pull out in there. And they were across the dune buggies and whatever and they're [REDACTED] doing their thing. And then someone's sitting [REDACTED] in that property [REDACTED] there and then they shot. They [REDACTED] emptied out their [REDACTED] and [REDACTED] shot Yeah, [REDACTED] right beside our house. Yeah, [REDACTED] I saw [REDACTED] it. Yeah. And so that's [REDACTED] not cool. So I don't know. I mean, I shoot same places. I've been shooting for years. They have they're built up berms, they're built up burns, you know that they've been there for years and not a [REDACTED] logs. of wood and I always make sure I'm safe. And I shoot in the same spots every time. You know? Because I know it's out there but I got no money I'm not gonna stop. I mean, we when I first met Shane, I had a brother I had a an air rifle on my bag hadn't slung around my shoulders. And he met me with a [REDACTED] lens into my head. Whether we were the [REDACTED] Yeah. And I talked to him we you know, so I mean, he didn't know that. There's not you know, I'm sorry.

I mean, that's what that's how you treat him because that's how they treated us. I [REDACTED] son tried to get your her son tried to get your son in prison for God's sake.

07:32

How's that

[REDACTED] [REDACTED] 07:34

with the SWAT team as well the SWAT team the SWAT team and the SWAT team and then took [REDACTED]

07:40

it is I don't believe that their SWAT team ever [REDACTED]

[REDACTED] [REDACTED] 07:45

Well, banter was there and he knows about it. That was their data and [REDACTED] are the ones that got me out of it. They're the ones that got me out of that was because the guy that led that that thing was a piece of [REDACTED] Guy there's been [REDACTED] reports on him. I've [REDACTED] I've [REDACTED] rumors from Greg that that that that particular guy that is Abernathy and Hendrix and all them that's their friend. And he's the one that's doing all this. I have the sneaky I don't know his name diversifications measure. He's also in control of the patrol where the sheriff patrols who you know he's the one that [REDACTED] the calls
