So the new thing to to the list, you know, this morning, we had the big bang, and now it's nine And we that It's a side by side, it's some type of off road vehicle, a dirt or whatever. And, that's what we live we live by a now. And it's really loud. And they started driving it all the time. He started driving and and then I started driving it today. And it's you know, it's really loud, really, really loud. And we can hear it in our houses. And they're driving around here and then they're constantly revving the engine and constantly and they, they want to drive it in front of their property. So it's as close as bias and so it's all you know, another thing that irritate us and try to intimidate us out. of our out of our land. So I'm going to write a paper on this and get published. And because we need to get the out So, because it's pretty pathetic.
