So definitely it's [REDACTED] it's [REDACTED] quarter to four. And on a Wednesday, this was Wednesday. And I was out here working and I [REDACTED] the Mrs. Tyler at the top of the hill. She was saying, Well, you know, we're gonna, this is [REDACTED] stupid, you know, we're gonna have to, you know, they're [REDACTED] now starting to live out there. And then she mentioned my name. She said, Well, we'll call the sheriff. And so right there. And then he said that we're doing this in this neighborhood. And oh, so I [REDACTED] that. And I said, and she's saying this to the guy who's mowing the [REDACTED] over here, who appears to be image landscaping. I think I'm about to go [REDACTED] and see, [REDACTED] out the [REDACTED] and see, but it's [REDACTED] it's a it's definitely evidence of a slander. That's definitely what it is be. She's saying things are not truthful. And be it's obvious that they have someone inside the sheriff's office that is relaying information and interfering with our business. So that's definitely someone did. The sheriff was not called out there, whatever. So we're definitely there's definitely someone inside the sheriff's office that is relaying information. And is it their inside leg. And what we got to do is we're gonna have to go to Brad [REDACTED] and find this out. Because it looks to put theirs to evidence. They have someone inside the sheriff's office. So we have to find out who that is. And we got to get to Brad about it, and get bread to fire them. So that's it. I mean, that's gotta happen. And I'm gonna read this to my list of things that we got to work [REDACTED] And we'll have to do it alright, so come on. Come on. So the landscape guys not out here. I'm guessing he's with him. His landscaping, I'm not sure. Or it may [REDACTED] be [REDACTED] head looks [REDACTED] a female actually. So I [REDACTED] want to make sure that looks [REDACTED] it's theirs. Because they were [REDACTED] wearing skinny pants. So so obviously girl the mower. [REDACTED] wanted to go out there and [REDACTED] Well, there you go. So it's all good. That's that's pretty good. We're gonna have to get that figured out. I'll talk to you later come on Girl Scouting.
