You need to don't shoot us and I was well you may not want to build behind us and he I'm trying to. He wouldn't even let me get out my mouth. And so I said fine. What my lane is gonna build my baby. Okay. So, I also found out we got a bunch of lies we knew we were. We were told it was a house and Lake and no, it's not house and lake. It's going to be several houses. It's going to be a car complex for him and his family to live on. Here. There wouldn't be built in three or four houses. So it's gonna be basically a miniature subdivision. So we were lied to about that. And you know, the guy was an an an So you know, those who live by double edged cut themselves. And what I was gonna say I'm hot and sweaty. And it's pretty bad. I'm pretty sure that it's that he's connected to he's either connected to Shane his answer was a shame, same machine, or it was or he went down and talked to Abernathy which is what I'm suspecting because he definitely didn't come this way. So he's in with it with Abernathy. So that's another connection him in our data good little buddies. And so that's what it is. So yeah. He's one of Abernathy, his little buddies. And he went there and talk to him. Because we didn't seem to he didn't come out here. So
