00:00

All right, dude, man, we're not having a good time

00:20

I don't know where to start we've been to basically, for the past several years, because we're not connected to at the Sheriff's Department. We're not to my brother or friend or whatever. We've been living out here my entire life. I know I find it pretty And I'm so cool with it. I became I mean if I came to been in law enforcement, what the am I doing here? I can't depend on your radios my house. Cool accusations my mom from the house to my living family member I dropped out of college to take care of it. Okay, I ruined my life. And what has happened is I got a Matthews bag dog down the road. It's that dog over there. Pretty much movie people in front of me that are absolutely the worst neighbor God could ask for. And all they have done is us. They've spat at us to cuss us out at the end of the driveway. They've even pointed to bogus says I would be my mom. My house got raided without a warrant. I wasn't even there. I was here. Splitting firewood. And I got up in the car and taken down there for a hunt off blessing out on top of that. I didn't do anything wrong. I had a warning issued, printed out with my name already on it before they even knew what was going on. You can't tell me that you're You can't. You can't that's so not But I had that on them. Right. So every time I call I've given the runaround. You always give me the runaround. You always give me the runaround and always give me the runaround. And they always say oh well you know we have no duty or we're doing this I'm so tired of it. What's your name? My name is a grim way what can I do for you right now? Right now why am I here now because somebody has been going on my property does Asheville neighbors of mine have been going on my property and they've been ripping my signs off, or

02:19

the very next property of your next house? On the

02:22

hill? Yep, on the hill. Before you get to dogs. Well before you get to Kevin. I don't have any cameras, but it's better [REDACTED] it is. They're too lazy to walk the entire into my property they issued your partner has issued a trust that the morning to me without knowing having any evidence on [REDACTED] of mouth. And I'm saying I know they're the one who's doing it. I know they're doing it because they have done nothing but bother us and [REDACTED] us and they want they cuss at us they spat at my mom. They've done bogus bogus police reports and totally fabricated the only one that had any any ounce of credibility was there's an [REDACTED] up there on the top of the road. I use the [REDACTED] to access my other neighbors part of the property. They said I was [REDACTED] on your land because the author never asked me to do anything. He never asked if I had property the property owner's permission because I did. So yeah.

03:21

Personally I deal with this a lot with people

03:31

well, you're Bantha Oh yeah. No, he was he was you. I'm sorry.

03:43

I, I know you're upset. And I had the intention. When I [REDACTED] I would [REDACTED] [REDACTED] last time you call him right. And I was [REDACTED] arrested. I was [REDACTED] arrested somebody that took off on police. That's mine bro the police on their car. I will deal with that while you were [REDACTED] literally my intention. I hear you but my intention when I [REDACTED] it was I'm getting very rare somebody when I get there because they start cussing at me and now I'm going to arrest him right. But I know you I've dealt with you before and we're always trying to find alright. This is a whole separate issue. I mean, I want to talk about at the end of it wherever you're at. Right, man? I don't know. And that's what I was about to say. I go to calls and that people are having property disputes and I'm talking to them three years ago they did this in last year. And I said did progress also know already gonna say yes, but nothing is gone. And I'm [REDACTED] did they tell you as a civil matter if you didn't go [REDACTED] and [REDACTED] you have to [REDACTED] them get them on your property so that if you're worried about them or anything [REDACTED] that, and you know, I'm [REDACTED] I can't solve all the stuff that happened before right now. You know what I mean? And that's why we came up here with that day. All right. I was mean to you, and we're doing them wrong, right. We actually came on that day for the welfare [REDACTED] If you remember we came to [REDACTED] and the response in the door was already slightly open. So make sure it's not dead. And that's when they go and even then they talk to you and maybe it was saying we're not we're not talking. Right. So anyway, if you're if you're if you're apologizing, you won't have any problems. I mean, I [REDACTED] take it easy on this [REDACTED] man.

05:47

I know I mean, I mean, I mean, okay, I mean you understand I mean you you understand there's a little bit of a dual the dual [REDACTED] Did you remember that day I got blessed up that's it. That's all it was letting you have it. You know, and I was [REDACTED] What the [REDACTED] you know?

So there's a little bit of a dual [REDACTED] here. I mean, but right now I got run out. I got coffee. I [REDACTED] put on

06:16

when I was going through [REDACTED] trying to fill in the spots, and I didn't see any my old ones. And there's other ones who steal from that are 10 And how are they? Are they on trees together on trees, their nails, their nails? That's the second step is going off. The other ones were torn off. Or actually I [REDACTED] put it [REDACTED] up and they're on. You'll see them when you get down there. They're [REDACTED] big, no [REDACTED] signs. They rip those things off. And so this is [REDACTED] the second set. So I discovered they ripped off those little markers. And then they ripped off the metal and halfway down the road. If you look on the left, you'll see one and I should have brought it up here but there's no way no way

07:00

thank you. It's not there's not you know,

07:04

no, you're [REDACTED] one of my favorite. Appreciate. I mean No [REDACTED] seriously, [REDACTED] seriously, that's why I feel [REDACTED]

07:10

it's no big deal. I mean, I understand this is a my Molly thing is

07:14

I didn't even recognize it but there's no

07:17

remembering that

07:25

this this thing works.

07:31

[REDACTED] I was saying that if you call this [REDACTED] you understand they're dealing with confidential

██████████ phones, couple different radios, a couple of installment loans, who here will notice? And they're dealing with so much at the same time as us calling them and everything else and when I was dealing with when I told you right and you started to cool this one I mean, I'm going out ██████████ crazy Well, I don't know what I mean. I'm ready. I'm good. They don't they don't advertise with their boot application. I mean that's what we feel that's how we do

08:25

ever noticed ██████████ any blog

08:29

██████████ writing

08:32

this message and we'll get into that with these and property disputes in themselves. Some years of mastery to work it out. Alright, surveys and all this kind of stuff. I'm not I'm not saying what's going to happen to the followers you I guess it ██████████ pushes up on fans. You know, they ██████████ this. And if you get them right, make sure that the sides are on your property Correct? Yeah, they are no disputing made. They were five times five feet off the line not ██████████ that I'm saying on your property right.

09:25

Here literally the roads in between. Yeah. So what I'm saying is they're actually gonna come in across the road onto my property and then make it

09:33

so if you leave your hands,

██████████

every chance that

09:38

██████████ you're calm and I went down in the car with

09:51

the other German car now isn't that bad? Tend to [REDACTED] on to that little whatever thing it is not your whenever they are granted with that.

10:09

Let me I'm sorry. I want to hear what you got to do it

10:33

that's it. There's all kinds. There's all kinds of stuff when it comes to a ball [REDACTED] this. The main thing is if you have the side the sides are meant to protect you right? No one should be able to come on your property right but in [REDACTED] for us to do anything bad, you got to get them on camera. Okay, you or we have to witness it with our own eyes. We can say sounds stupid. We can say a squirrel in freakin Britain. What have you getting? If you're getting [REDACTED] it or if you feel [REDACTED] you're getting prestige or interfere with or anything [REDACTED] that. Right? Didn't mean go to sheriff's office and make a complaint. All right. That's what you mean. There you go. The sheriff's office is speak to the Miss and an administrator. Right. And

11:28

try to get that done and

11:30

before before we're going to go for

11:33

offline. [REDACTED] go up there. I'm talking about if I feel [REDACTED] someone's give me the runaround. They're not doing their [REDACTED] Right. Or someone is affiliated in the county. Right. And I feel [REDACTED] I'm being [REDACTED] and is not getting handled, then I will go make a complaint a formal complaint. Right. That's You're right. On their [REDACTED] when it comes to property. Right. Say your property right here, right? This is property on this size your property right. So things [REDACTED] that. I [REDACTED] don't three property calls where it's all slanted and crooked and everything [REDACTED] that. And if people are afraid of their house because not their property, the property lines, please go [REDACTED] this. So that's why it's all civil. You gotta go to mastery court. If you have an issue as far as someone doing anything where you're talking on properties. Yes, but as far as some will remove the signs are coming on. Your property. You got to see them on that property. You see him on your property, call us at that moment. Right. Get on your phone [REDACTED] with your phone, have a deer cams up. Now, there's no dispute and there's no Oh, this guy's visa. He's not she's calling us you know, [REDACTED] us with us what I'm saying there is no no, I don't know. I deal with people where I do. Well, so we want it the last time that we call is because then you're monitoring.

13:13

Well, I mean, yeah.

13:16

Yeah. And it [REDACTED] infuriated.

13:24

me someone came and talked to us before

13:30

the solar power thing happening wherever you have to try to build a solar power plant that we can

13:38

plug into this was to go beyond the property line and he's he's over there. Right. You have your phone on [REDACTED] You put your phone in your [REDACTED] Right now you protect your rights, unless you start MFN and now you [REDACTED] got yourself right. Yeah. So you need to you don't want to be sitting there [REDACTED] this. You don't want to do on it right. In the [REDACTED] Having conversations are appreciated and stopped coming on my property room [REDACTED] whatever it is they're doing. And they say well, fu I'm freaking I'm gonna do what I want. You can't stop me. Thank God. You're right. That's [REDACTED] DC or law versus reactive. Learning. What I do reactive, you call I can't. I couldn't call him right away because I was dealing with that. You know? You got a mercy. So I'm coming from

14:47

New Germany In Germany.

14:51

The thing is, you know, I live here by myself. I'm scared because they have cameras up. There well.

15:02

I sent off every time I met so I've done

15:10

well, yeah, see. I know. I know. And I know others that even when you get the tax [REDACTED] and all that evolve and says good [REDACTED] it has to be resolved by someone other than the two parties. That way they notice there is no more that you

15:34

know, that Abernathy calls a [REDACTED] That wasn't showing anybody the sheriff's gonna come in with you. Have you [REDACTED] that one before? No.

15:46

Either. This is what I do, unless it's danger. All that other stuff I [REDACTED] keep because [REDACTED] I was telling him we can't i can't solve stuff that we thought hey, I'm gonna deal with you. When you do make the most time even in your work

16:14

I mean, people do it, but then, and I don't have a problem with it. But eventually it gets to the point where my [REDACTED] ends up saying, Hey, you I mean, yeah, and they're [REDACTED] no more don't go no more requests, [REDACTED] for certain people. But I mean, that's my point, right? Are you well, that's a sheriff's office car but as my vehicle right then I'm signed, and I'm only one as a [REDACTED] note as me if you see me in the daytime, yeah, I mean, I'm everywhere. I'm everywhere. And that's the other thing, right? My narrative right now, let's do

16:53

this while so you know.

16:56

We're, obviously since fallen County. I mean, I'm everywhere.

17:01

Which was someone grabbed the chair. It was Reverend Barber

17:03

regularly before they went up to the car and they were brought over bla get involved. They ended up taking off and going to get drugs.

17:14

That's not good. That's not fun

17:19

yeah definitely [REDACTED] I mean

17:38

I guess what I drive by this, [REDACTED] [REDACTED] I go down this rabbit hole to the right and left and I'm awake and you know, and I'm not gonna say every time that you're playing tiles, I go by and I think, well,

17:57

we don't know you're in that quiet car. And now we

18:01

[REDACTED] totally I was [REDACTED] Who the [REDACTED]

18:06

[REDACTED] [REDACTED] I'm doing. I've been clean [REDACTED] for [REDACTED] 20 years. I'm definitely shaping the risk with myself and

18:19

it's [REDACTED]

18:32

you understand everything I'm saying? If you have any interactions with with them. Recall on your phone, right? This a one party state right? The center of the party, other states have to party right? So that means you can hit [REDACTED] on your phone when you're talking. You have the party that consent so you want to tell him I'm [REDACTED] this so sound when it came here? But anybody? Anybody ever because you're at a party next door? He does? Yeah, no one's so if you have anything, I don't care who they are. It's what they're doing. Now. Everywhere I go, there's two sides, right?

19:15

Yep. But if you're freaking

19:19

out the only way you can resize move and you say hey, man

19:30

I want to move in my size anymore. I know you're moving my signs because they're nailed to the tree. And they say we're gonna share what you say. Okay. Those are less eyes on my property. And I'm moving whenever I want to go now you have it. On, right? Oh, you have it on your phone. And then you call us. At that point, we're gonna write a report. Right? We're immediately wrestling because if it's in that example, that I [REDACTED] you that the property dispute and then has to go to find out exactly whose property it is. Right. But if it's your property, I know. I know. I know what I'm telling you. If someone's property [REDACTED] this, [REDACTED] this, but the property [REDACTED] it's yeah, we I can't infringing on your rights. Right. Right and saying because it appears to be your property line. Believe me a military there's [REDACTED] five different people couples in the county right now. And no one ever [REDACTED] We're not going to resolution is a hot mess right now resolution. But it's what you may know that phones will protect you. That [REDACTED] summary protects you. Very dear campers when protecting. That's all you're looking to do is protect yourself right? And then if someone were to even push your spin on your or put their hands on you and you hear cancer or something depending on their ratio or whatever, you got it. You know what I mean?

21:12

I guess you're gonna get more

21:15

we're gonna have to do I mean Sam Wilson here we're [REDACTED] I don't think they were doing I would still I'm the annoying answer. I would say [REDACTED] this

21:35

was good five presidents are bad presidents. There's good [REDACTED] There's bad guys know there's good places bad. There's good cooks hurt [REDACTED] There's I don't get along with everyone I work with. I will protect them. But I do not get I don't I don't have a year I don't [REDACTED] you know, I'm trying that's how I feel. But still, I got to treat him a certain way. Yeah.

22:00

-----  
Yeah, that's totally straight along with him.

 22:16  
It's [REDACTED] you know, we've been here since 1969.

 22:22  
And I never seen anything going on, and it's always quiet. And I'm [REDACTED] that's good. You know, some people don't.

 22:43  
This is a call.

 22:46  
I know someone else said.

 22:51  
So this is related to

 22:54  
Well, I mean, that doesn't mean anything.

 22:58  
It means that when you hear that, that ladies will really say I can't wait to tell Abernathy this because

 23:06  
what a lot of time a lot of people a lot of people thinking something that's not right.

 23:17  
on their head, right. Everyone's [REDACTED] Sure. I noticed here. It's almost the sheriff's office nowhere. [REDACTED] okay, you're under arrest for hitting your wife. I don't care about shooting and doing what

you did. It doesn't matter, you know, and I go to novacoast properties. And the guy said, blah, blah, blah. [REDACTED] my property. She owes five six of the property, for example, right? property so she's mad to have permission going on your property and I'm sitting there [REDACTED] that it's all sounds good. And I saw the paperwork and everything. Because you still gotta get it out. Get very nice, very well called Paul. Paul. I think he wants us to get

24:25

rid of it. And it has 160,000

[REDACTED]

destructive little things,

24:38

and I ended up saying I was gonna tell you something else. Remember desperately to know man. Um, I smoked too much weed when I was young. Short term I'm [REDACTED] yeah, what happened? 20 years ago, I tell you

25:08

Yeah. Did he tell you that they called code enforcement. And so here, I get into the code enforcement officer and never could have found the book had never [REDACTED] of it before. It's never been used before. So I finally get really ruined after that. And all I needed to do was to go to the tax. Office and for pennies on all the bells was only

25:33

so much. [REDACTED] because it's the phone. This is the this is a software and it was Netscape on the

25:42

web. Let me give you one example. That happened to me. It's not about property. But it's a similar situation. So I have a dog, my dog sweetest dog in the world. I mean, [REDACTED] the sweetest thing. My My girl my fiancée, she has no kids. Right? So there, there's this dog that roams around and lives two houses over. They were on score side of the property. And that dog came over to property to that [REDACTED] [REDACTED] Yep. And it's a little dog yappy SPF and my dogs we've ever taken a bit of [REDACTED] because it was protecting a little two year old and I got the call on the way home on the way home from my girl. Animal controls on the way here really sped up. Yep, the other dog and the dog was right there on our property and told me what happened and I was mad. And I was [REDACTED] okay. But the right thing was I [REDACTED] the girl money for fitness. Right? Even though her dog she was wrong. They were not out with the dog to go without running around. My dog detected this dog. I told him control. I told y'all free to bring me

control. Monkey say that dog Roman. I'm gonna protect my property. So there's nothing you can do. And you know what I'm still even though I didn't do anything wrong. I still [REDACTED] her morning doll my mom knew that that evening. Yeah. And especially when they found out they were in the mall. So I [REDACTED] tried to do the right thing. And if you deal with them, [REDACTED] I said, put your phone in your [REDACTED] the [REDACTED] conversation, the interaction. You don't have to flush out I'm going to go ahead and right you're going to do [REDACTED] we're doing right now. And it could go better than you think it will. Or it could go worse than you think it will. Right? Well, you'll be you'll be covered. Right now you will be covered knowing that you didn't lose your mind and they can accuse you of this and that and that because it's all on [REDACTED] As far as ignoring you man. I will never get out another more into my phone

28:32

first thing I saw that [REDACTED] and I was [REDACTED] okay

28:37

there's a deal and yeah,

28:44

it's been broken down.

28:47

I mean, it's [REDACTED] a thing I say, you know, it's not I didn't say anything but I always whether I have this old or not, that's me. So I totally I do that I do when I say guess what? It always came off your vehicle traveling and you took off and you drove the vehicle. I would have [REDACTED]

29:20

I say I don't

29:21

know what happened because I wasn't there. Either there enough to get to me the virus if you live in your in your paradise.

29:33

Nothing worse [REDACTED] I mean, in our day and age was the killer soldier

29:42

and that's why I'm telling you if you go out there and you want to make a complaint. I would say I'm not really making a formal complaint, but I want to get it on [REDACTED] that I spoke to somebody up here in the ranks. That you're gonna hear what I'm saying. Right? Because if you talk to them the right way

30:17

I don't know if it's real or not. I'm not telling you how to talk. I'm not telling you what to say per se. What happened or I could be wrong. Or I could not be fully informed on something or whatever. But I do feel [REDACTED] because they think they're connected to people in the county to fire upon or wherever. Right? [REDACTED] I'm [REDACTED] I'm a bad guy because they have a certain [REDACTED] is not [REDACTED] that. And I'll put it out

30:53

there. Know that

31:07

the only light really

31:16

you been looking for frying

31:23

Yes.

31:28

So we have found this facility is going to help

31:32

you. I'm gonna go up there and look him up if you want to walk up there. How long it will take us to walk up there. This is a wall [REDACTED] Yeah, that's a long

31:46

Alright, I want to get out there. Yeah.

31:54

I'm so glad you can put him in the bags today

32:06

I'm [REDACTED] you had more [REDACTED] on this. Yeah, I do. This is the first time I've ever been [REDACTED] here. For knees. I was always the good kid. Always the went to church and everything. I got to college and then I started smoking weed and then I got cleaned and

32:32

now I'm getting [REDACTED] to that.

32:34

Where you're [REDACTED] me, man, I'm gonna be a hothead too. But I'm a nice guy and a happy cat. Yeah, I messed up. I got a dude in my car with me right? He's gone. I'm gonna take him up here to the property line because I don't feel [REDACTED] walking 10 minutes worth Okay. All right, he's 27 [REDACTED] and we're gonna go up there and then I said I was attending code 13 Because I was getting ready and I was [REDACTED] Man, I need to go look into this because already [REDACTED] me his voice and everything but all right. All right.

33:19

I got your Hayes brown 74 to one man. Thank you. Thank you, good

33:37

evening at that point,

33:39

that's the reason why it's been cuts because I've been disappointed in it. I gotta take it out.

33:45

I'm [REDACTED] in my Windows instead of doing it the right way.

33:48

Yep, you're good. You're good. I could do this one. Now you want to turn the office to make sure you Yeah, you're good

34:01

I'm so thankful we have fiber optics. Oh, my God is my my life is much better now.

34:33

Right Yeah,

34:34

well yeah, you can go straight up this was where was we're missing is over the hill here. And you can [REDACTED] turn in the next driveway to

34:39

turn [REDACTED] around. Over on the left.

34:43

They've pretty easy. But yeah, so this was the one. This is where it started is right up here on the left for the no [REDACTED] but I had I had no the next one down and left. But yeah, so I [REDACTED] put these up right here, right here and these yellow ones. And right over there. You can see something applied on the left. Kind of metallic left. That's the sign that was ripped off. Right there. Yep. That's crumpled and everything. Yeah, that one was nailed down pretty [REDACTED] And so I've been

35:13

I've replaced these but we had signs all the way down the side and they're all gone.

35:18

Besides the one on the left, but I'll get I'll get a camera out here. Oh, yeah, we got some monitors. Yeah, and over here on the left there's a road right after this last line. Here

35:27

35:27  
you go.

35:28  
Yeah. You see right here. The pink

35:31  
steak. That's my property line with this guy. This guy. Yeah, no, that was it.

██████████  
That was the show.

35:41  
Yeah, I've ██████████ and I know it goes along, right. Yeah, I know. There's all more people. I'm gonna give you an example. This is between me and you. Yes, sir. If I go somewhere to get a ██████████ right. And I'm being on this level down here. I have this ██████████ And then someone else gets hired. Because their mom works there. Yep. And then they immediately get ██████████ over me and they're up here. That's crazy. They know nothing.

██████████  
I've been there five years.

██████████  
Before I worked there. I worked at the person system. When all worse I made some mistake. Yeah, right. Yes, sir. Yeah, we're all kinds of stuff because I was asked to write

██████████  
I'm sitting there ██████████ Yo, man, y'all are.

██████████  
Y'all are ██████████ me. Yes. No political family hook up this stuff. Yeah, you know, I'm saying, Yep.

██████████

And it happens.

██████████

It's ██████████ so bad. So that's why

██████████

I'm saying if any, any interactions I have with anybody, especially Phil county or anything ██████████ that, I mean, ██████████ that conversation. I need to get around that. No, no, you can't No.

██████████

No, that's uh, yeah, that's me off

██████████

pretty badly. But that's yeah, that's my last sign. So I had them all down here. They're all gone. And I mean, I don't know. That's what I ██████████ put up but yeah, I'll have to probably move the signs further in my in my property. That way I can get a deer camera on them. Yeah, that would probably be a good a good, good deal to do. Yeah, I'll do that. I'll definitely do it doesn't Well, I gotta get some cameras out here anyway, and the tractors. I've had that ██████████ since I was in first grade. I gotta fix it. Yeah. His old minutes I tried to you know, try not to. I don't have friends over. You know, I know. I told you I don't drink anymore.
