It's Thursday, February the first 2023 Play for sorry mom's on her mom's Off they went off to the to the to the lawyer about getting the don't Mr. dabs which are law attorney or we're trying to get the estate settled in the meantime the across the street they have they have up there and we start working on to lots of demos done with one house or starting in the second one now. It's almost getting to the point now where it's where it's it's too late to do anything I don't know what I'm saying I can I'm not gonna not going to forget being ran out of our home. I'm not going to forget what they've done. And I don't know how can be found but I'm not going to stop until I die I'm not I'm not going to on stopped

01:19

you know, my biggest thing and neither that neither bias is going to take most taken most heed right now she's she's mostly fault for this. She, her and got together and they conspired to do this. I no doubt me

01:40

so I don't know. But it's almost too late. To even really even matter. She mom waited to the absolute last minute to she got on with this. She has been fighting me for years. She did the same thing with me. She doesn't she does the same thing with everything. She fights me she fights me fights me. And then she realizes Oh I was right. Especially when I when I know I'm right. I know I'm right. There is a direct visit the direct result of Abernathy visit directly coming from Abernathy there's no doubt it's all Abernathy. And this is repayment because we didn't we didn't you know we didn't on the train for his little solar power plant. And these people are ruined our home. They've earned it. They did it intentionally. And I got to remember it ain't gonna ever go and forget it. I'm gonna be remembered this every day to the day

██████████ 02:49

it's gonna take a ██████████ to forget that

██████████ 03:00

no one start writing a book about this I guess I'm gonna go to law school now.

██████████ 03:14

And then I'm gonna spend the rest of my life targeting these people

██████████ 03:28

don't have time

██████████ 03:34

or the rest of my life to repay a favor. It's ██████████ outrageous. But yeah, I'm still trying to find out here the hill still our mailbox nothing else is really going well

██████████ 03:59

no we're still get ██████████ all the time. We're still getting ██████████ all the time. We're still the reason I actually meant to leave a message. You might try it by ██████████ even working when we get ██████████ Only reason I came leave a message because there was a public works ██████████ sitting sitting outside when I walked outside. There's one DeKalb County Public Works ██████████ sitting here talking to everybody. I don't doubt that that a bunch of people in the county are in on it but I'm by open ██████████ request is what has what actually does and you got to pay for that ██████████ So because here's what I need to start doing ██████████ smoking ██████████ from all these county people.

██████████ 05:07

So I got a lot of work to do

██████████ 05:14

I don't really ██████████ I was hoping ██████████ to be able to peace out but now you know you can only you can only go so far. ██████████ people over. You can only screw people or so much. And then at that point, it's ██████████ in ██████████ to you know, at that point it becomes ██████████ unconscionable, ██████████ the act of you can only wrong somebody so much until ██████████ you know it has something has

to be done. Without action without a response. It's comes unethical. And that's where it is now it's [REDACTED] it's at the point where it's [REDACTED] completely unethical. [REDACTED] I there's no ethical [REDACTED] it's it's unethical for me to let this go and that's where it's at now

[REDACTED] [REDACTED] 06:21

yep

[REDACTED] [REDACTED] 06:43

yeah, so as women, my dogs waiting on me and I was gonna walk them [REDACTED] but once I stepped outside no more I'm pretty sure the you know, there's a [REDACTED] out here. It's been out here for years. They don't care if they're building right on top of it. Let's go ahead and let everybody hands

[REDACTED] [REDACTED] 07:22

that's on their head. It's not mine. But I will be hunting these people down to the day I die. everyone that was involved in this I'll be hunting them down to the day I die. I didn't really want to spend my life [REDACTED] that. But they don't really leave me any other option but aren't the noun and seek retribution in one form or the other. I don't want to kill anybody I want to hurt him by but I do think I deserve [REDACTED] at this point. And I don't know what phone drops this will take. But it will happen even if I [REDACTED] write it all down eventually will happen.
