And, one after the other, burned out tact other engine Mac's other engines and Florida. and one after the other burned out tact other engine Mac's other engines and Florida Right in front the house right in front of house So that would be So that would be definitively recognized. definitively recognized. Alan Mr. Allen his has a very distinct sound. And then I recognize the sound of Alan, Mr. Allen his has a very distinct sound. And then I recognize the sound of the of the It was a four diesel engine It was a four diesel engine that I had witnessed and I have burning out in from the house. So then. that I had witnessed and I have burning out from the house. So then, and there may have been a one in there. But I could not hear it over the noise of the diesel, but it was definitively two separate both going to and burning out from the house. And if that's not intentional, I really don't know it is. I mean there's definitely intention there. So So this guy, get the stop
