So I was actually about kind of winding down there to get some sleep to finally get some sleep. And as soon as I started doing that my mom looked outside and she said, my mom looked outside you said, Holy She said, She's it. That's there's three long in front of us. And from the house, we were living Why is there three launchers from And there's a tractor on they do. So what the going on said that these are loggers that are coming here and they're gonna they're gonna take they're gonna take our trees and then we sat there and we're are they doing that? Oh, yeah. So they turn down the road. Turn down road went all the way down the road and we're What the is going on here? So so we haven't had time to settle the and do anything there. Because we've been fighting these people know moms now. That was in District. They've been they've had something going all the time. So we don't have any time. We can't. We can't get anything done. We can't find him. We are defenseless. And that was intentional.
