of Mr. Dayton. Early in senior. We were started over. We were your we were the neighbors of Earl Dayton senior. for over 45 years. We moved in on our house and Road in 1969. He moved into his house on McAllen road in the mid 70s. I don't know the exact date because I was not born then. And for over years, we have lived next your father we have admired him. We've him in we've having him as a neighbor. He was a good man. And we admired him we thought a lot of them and we all lived in peace together and it was a good, good place to live. And we don't know what happened. But we were completely kept in the dark in to his declining and declining health. We do not know that his line. We don't we don't understand why we were snubbed. We don't understand why we're not. We were not informed of his declining health. In fact, it was held from us we know for a fact it was held it was kept from us. It was kept from us. It's kept from us unintentionally. We don't know why we were not told of his death. We read about in the newspaper. And one and we tried to purchase his property and we were snubbed And as a result of all this we have been placed in a position where we're being forced off our land because the people that moved in Armenia cell and they developed it into a subdivision so we don't know why we have been snubbed. We don't know why we have been offended so greatly. We don't know why we had been so greatly. And we don't know what we did to the date and family to Deborah deserve this. But we won't forget it. That's for sure. We don't know why your property was pretty much given away. We don't know why your property was given away. But your property was giving away. And we don't know what was going on. But what we do know is is that as a result of your property being given away, and the person who did it all.
