Yeah. So I pm now about 4pm but over an hour ago. I [REDACTED] [REDACTED] the side by side. So side by side [REDACTED] And I thought I [REDACTED] it. I'm [REDACTED] less than a minute ago, I thought I [REDACTED] it [REDACTED] But the minute I [REDACTED] it at four [REDACTED] that time at four [REDACTED] I [REDACTED] it, and it sounded to me [REDACTED] he was going down [REDACTED] road, and then around the area but that's definitely what it was. They have a very distinct sound. So it's not [REDACTED] it's could be you know I could be mistaken or anything they have a very distinct very loud sound to them. That's why we're so irritated about them is because they're so freaking loud. I mean it sounds. The only thing I [REDACTED] and the only other thing I've [REDACTED] of that sounds [REDACTED] it My life is a, is a very large motor, very large, large off boat off [REDACTED] motor. For a [REDACTED] boat. It's only thing I can do. And I didn't. I couldn't help it. It said. But um, yep. Thought I remember [REDACTED] him [REDACTED] so it stopped [REDACTED] And I had started videotaping and then he never showed up so I now stop videotaping and better [REDACTED] but basically, um, yeah, here it is so that would that would make it since we [REDACTED] him today then we [REDACTED] him two days before that would make it. Every day, every day. Since the sheriff's department had pulled them over for their caravan. We've had them driving down the road. So they've absolutely done nothing. and there's nothing has been done to deter them from going further continuing to use public roads and public property incorrectly, or in a private manner. But. Yep. They haven't stopped at all in fact they've increased. So Bridgette. I think I'm gonna sign out now if I hit him [REDACTED] I'll come around but um, yeah, [REDACTED] support this has been every day this week, Every day this week, what we've [REDACTED]
