[REDACTED] [REDACTED] 00:01

It is four, six, in the afternoon, it's actually four seven. And I think officer Banta left about maybe an hour ago. And w Banta, sorry. Nice Guy nice guy. Anyway, I [REDACTED] wanted to point out that. Obviously, you know, they went out and started hunting soon as I left. They said that they weren't going to be hunting behind my land. Well, they park their cars, upon the land. Why would you put your car directly in the line of fire. Unless you're asking for it. So first things first. And that's a big issue. Do that. And then second off, I'm not here work my [REDACTED] off and take a walk [REDACTED] in the woods. To see look for any quote unquote unexploded rounds can see them one of them didn't see them one of them. All my rounds, go [REDACTED] a pretty good distance but once you get at least maybe 100 feet into the woods. Nothing. They stop. And the [REDACTED] of the [REDACTED] impacts occurred above my height and the ground continuously [REDACTED] down. So you got maybe [REDACTED] 20 foot drop there. Another thing. I'm sitting out there trying to build a barrier, so no one gets hurt. And all of a sudden, here comes Abernathy starts [REDACTED] off round after round after round after round. Did they do anything about it. Nope. They call the cops. Nope. So, it appears to me that I'm [REDACTED] calling [REDACTED] that. The what he said was [REDACTED] complete [REDACTED] But either way, the gotten in mistake of giving a bell South based email [REDACTED] So I can do some [REDACTED] [REDACTED] on him. And he's former Army, and so I can get. Find out about that too. So, anyway, I didn't mean sale it.
